

I started with Attaboy Dog Training in 2008 with my first Great Dane Diesel. We took many classes and were very happy with our results when I started helping with classes. Since then I strive to minimally get a Canine Good Citizen title on my dogs and am now a tester for the line of AKC Canine Good Citizen and Trick dog tests. Currently I run the classes held in Brighton at the Bock's Big acre store on Grand River (just north west of the I96 intersection)
