

I started training dogs in high school when I got involved in the 4H Dog Project, after that I moved onto training dogs with Nosey Dog Detection (2011-2017) , I then got a job at Petco and was certified as a Petco Dog Trainer(2017-2019), at this point I joined the Attaboy team in spring of 2019. Personally I have been involved with trainings dogs in Tracking and Trailing and Scent training for Service dogs.
